Global Vision for Learning Experience Design

My Global Vision for LXD

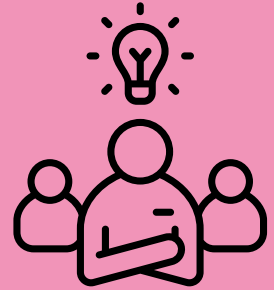

My global vision encourages schools to move away from the factory method of education and into one that encourages soft skill development and content mastery by using gamification and game-based pedagogies.

Professional Development Prototype

This is a prototype built from my illuminated leadership plan and project scope to show how the professional development could look in context.

Coaching and Feedback Plan

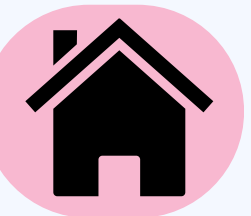

My Goal as a Coach

I will **create space** for **growth** and **development** of all team members by demonstrating I: **actively listen** to them, **care** about them as team members and as people, and **value creativity** and **critical thinking**. I will **provide space** to meet, **organization tools** like meeting schedules and templates, and a **listening ear** to help you **bring your best to your projects**.

Communication Sample

This memo was created for the purpose of recruitment for a school improvement team.

Thank you!
